St Cuthbert's C of E Primary School

Progression in Geographical Vocabulary

The following sets out key geographical vocabulary for each year group. It draws on key vocabulary that has been set out in the knowledge organisers for each topic. This vocabulary consolidates and builds on that which has been established in previous years and topics.

Being able to understand, use and apply key vocabulary is an essential part of children's developing knowledge of geographical places and concepts. It is therefore important that the use of these words is contextualised in the places and topics that children are learning about, rather than simply learned as a word list.

The list of words is based around three essential elements of geographical vocabulary:

- place names (including familiar places);
- geographical terms and processes;
- locational terms.

There is also a brief selected glossary for the year group.

Progression in Vocabulary - Year 1

During Year 1, children should become familiar with the following words and begin to use them in appropriate contexts.
Topics covered: *Weather and Seasons, United Kingdom, Local Area*

Place names	**Geographical terms and processes**	**Locational terms**
Antarctica	autumn	across
Belfast	building	Arctic
